

Meet Homebuyer Ed.

He wants to buy a house and doesn't know where to start.

Genworth 

Homebuyer Education Online Course

You've seen it before. A first time homebuyer, like **Ed**, that simply doesn't know where to start or how to prepare for the home loan process. Genworth's online **Homebuyer Education** course is a great resource for this homebuyer.

What will your borrowers learn?

An **Ed**ucated borrower makes for a better homeowner and decreases the chance of borrower delinquencies. Through our self-paced online course, borrowers will learn about the home loan process, tips on how to save for mortgage payments, home maintenance planning, and how you can help them along the way.

How can you register your borrowers?

We recommend registering your borrower at least two weeks before the loan closing date. Getting started is easy. Register your borrower online:

1. Log on to <https://genworthhbe.com>
2. Enter the requested information
3. Submit
4. Email confirmation and the link to the course will be sent to you and your borrower

After completing the courses assessment, a **Certificate of Completion** will be sent via email to you and your borrower.

For more information, visit mi.genworth.com, call the ActionCenter® at 800 444.5664 or your Genworth Sales Representative.
