2) OVERVIEW AND INTRODUCTION

To support our customers and provide additional information on our new Master Policy MP 1980, Genworth has established a Master Policy Resource Center on our website at <http://new.mortgageinsurance.genworth.com/master-policy-info> that contains implementation resources, including a high-level change summary and FAQ documents.

The Master Policy applicable to your loan (“the Policy”) sets forth the terms and conditions that govern mortgage insurance issued by Genworth. Please refer to the applicable Policy for complete details. This Guide is intended to provide clarification, illustrative examples, and supplemental information on the requirements of the Policy. In the event the requirements of the Policy or this Guide are not followed it may, in certain circumstances, result in cancellation of coverage, rescission, reduction in the Insurance Benefit, or Claim denial. If there is a conflict between this Guide and the Policy, the terms and conditions of the applicable Policy will control. For ease of reference, capitalized terms used and not defined in this Guide have the meanings set forth in Policy MP 1980.

Genworth is committed to paying all legitimate Claims under the terms of the Policy. Effective Default servicing and loss mitigation is required of Servicers under the Policy. Effective servicing may avoid foreclosure, reducing losses to all interested parties and allow Borrowers to retain their home. Servicers must actively cooperate with and assist Genworth in preventing and mitigating losses.

The goal of Genworth is to provide mortgage insurance (“MI”) coverage and exceptional customer service. We have provided the information in this Guide to help you better understand the process for:

- Mitigating Loss
- Default Servicing Requirements
- Appropriate Proceedings
- Servicer Workout Delegation
- Workouts
- Reporting Requirements

We are pleased to provide additional assistance should you have any questions or comments regarding this Guide or the Policy. Please contact the ActionCenter® at 800 444.5664 or via email at action.center@genworth.com. The ActionCenter is staffed to provide assistance and answer questions from 8 A.M. to 8 P.M. Eastern Time to provide you with any support you may need.

Mitigating Losses

Servicers must prevent and mitigate loss in a reasonable and prudent manner consistent with generally accepted standards of servicing in the first-lien residential mortgage industry. This includes efforts to obtain a cure of the Default, inspection and appraisal of the Property, offering a Borrower who has the willingness and ability to cure the Default a Workout, and diligently pursuing and completing Appropriate Proceedings. Servicers must consider all available Workout opportunities and minimize foreclosure and bankruptcy timelines and associated claimable expenses.

Servicer Requirements

Genworth’s loss mitigation requirements align with the Consumer Financial Protection Bureau’s Mortgage Servicing Rule (“CFPB Rule”) and GSE Default servicing requirements (“GSE Guidelines”). Servicers must adhere to the CFPB Rule and GSE Guidelines for Default servicing and Workout activities. Servicers who follow the requirements of the CFPB Rule and GSE Guidelines will also be in compliance with Genworth servicing requirements and this Guide. In cases where the CFPB Rule and GSE requirements are not identical, Servicers should adhere to the more stringent requirement, consistent with CFPB guidance.

If you have a separate agreement with Genworth with regards to default servicing, please refer to your agreement for requirements.

2A) NON-COMPLIANCE

All servicing and loss mitigation activities and efforts must be fully documented in the Servicing File and will be required in the event of future Claim submission.

Failure to maintain and provide the complete Servicing File, or failure to comply with the CFPB Rule, GSE Guidelines, the Policy or this Guide (collectively, “Genworth Guidelines”) may cause a delay in processing a Claim and may also result in cancellation of coverage, a denial of a Claim, or a reduction of the Insurance Benefit.

2B) GENERAL SERVICING REQUIREMENTS

Genworth requires Servicers to have adequate management and staff who are properly trained to carry out their assigned Default servicing and loss mitigation duties. Servicers must maintain adequate servicing systems that are capable of maximizing Servicer performance and have the ability to provide adequate reporting on status and results of Default servicing and loss mitigation activities.

Servicers must also maintain policies and procedures reasonably designed to ensure the Servicer can achieve the following objectives: (1) contact and provide timely and accurate information to Borrowers, (2) properly evaluate loss mitigation options, (3) facilitate oversight and compliance of service providers, (4) facilitate transfer of information during servicing transfers, and (5) inform Borrowers of error resolution and information request procedures.

Genworth reserves the right to audit and review the Servicer's staffing, training and hiring plans, systems-readiness, and all internal servicing related policies and procedures. Further, Genworth reserves the right to audit individual loans to determine prioritization and compliance to all applicable servicing requirements for each loan.

2C) DEFAULT SERVICING REQUIREMENTS

Early and Ongoing Delinquency Contact (Including Collection, Workout, and Loss Mitigation)

Servicers must comply with the early intervention, continuity of contact, and loss mitigation requirements set forth in the CFPB Rule and GSE Guidelines.

The primary objective is to make contact with the Borrower, assess the Borrower's situation, and collect any past due payment(s), if possible, to the extent permitted by applicable law. If collection or reinstatement is not possible, the Borrower must be considered for all available Workout options.

In accordance with Genworth Guidelines, loss mitigation efforts are required beyond basic collection and foreclosure efforts, and we audit Claims to determine if reasonable loss mitigation efforts have been applied. This includes making good faith efforts to cure the Default, including prompt and ongoing Borrower contact, offering Borrowers who have the willingness and ability to cure the Default a Workout and, if such attempts are unsuccessful, to effectuate the early disposition of the Property.

Genworth audits Claims for consistent effort and compliance to this Guide and the Policy throughout the delinquency period. The documentation in the Servicing File should contain evidence of good faith efforts to establish live contact with delinquent Borrowers, written notices to delinquent Borrowers of available loss mitigation options, and notes detailing conversations with the Borrower regarding Workout options (including repayment plans, modifications, forbearance, short sale, and deed-in-lieu of foreclosure).

We have provided Loss Mitigation Review Process grids to outline the requirements. The grids can be found on the MI Servicing website:

4) FORECLOSURE

4A) COMMENCEMENT

If the Servicer is unable to resolve a default through reasonable attempts to contact the Borrower and offer a Workout consistent with Genworth Guidelines, Genworth requires the Servicer to initiate foreclosure by the later of the following:

- 30 days after the date the loan remains in Default for six (6) consecutive months, or
- 60 days after the earliest date allowed by applicable law.

If the Property has been abandoned, the Borrower refuses to cooperate, or if no Workout is possible, the Servicer must document the Servicing File accordingly and is instructed to expedite the foreclosure process to the extent permitted under applicable law. No further written instruction is required from Genworth.

Once foreclosure is commenced, the Servicer must diligently pursue completion of the foreclosure in accordance with applicable law.

See the Claim and Foreclosure Bidding Servicing Guide for foreclosure bidding instructions available on the [Publications](#) page of the MI Servicing website.

4B) POSTPONEMENT

- Foreclosure Initiation Postponement: If a Workout is in process, initiation of foreclosure may be delayed up to 30 days from receipt of the Workout package.
- Foreclosure Sale Postponement: Servicer is delegated to postpone a foreclosure sale within 30 calendar days of the foreclosure sale to pursue reasonable loss mitigation or Workout opportunities.

5) BANKRUPTCY

Genworth requires Servicers to (1) follow Genworth Guidelines and (2) minimize the time a loan is affected by bankruptcy by expeditiously preparing required documentation.

While discharge of a non-reaffirmed debt in a bankruptcy does prohibit any further attempts to collect the debt, it does not prohibit the creditor from enforcing its lien rights against the Property by pursuing liquidation options such as a short sale or deed-in-lieu of foreclosure with the Borrower or the Borrower's attorney.

Servicers must pursue and document loss mitigation activity in the Servicing File within 60 calendar days after obtaining a lift-of-stay, discharge or dismissal from bankruptcy as permitted by applicable law. Also, once an automatic stay is lifted, the case is dismissed, or the Borrower has received a discharge along with a trustee abandonment of the Property, the Servicer must immediately send any required breach letter to the Borrower (if it was not previously sent) and refer the loan to an attorney to initiate (or resume) Appropriate Proceedings. If the Borrower intends to retain possession of the Property, the bankruptcy attorney must work with the court, the Borrower's counsel, and the Servicer to pursue Workout alternatives and document such efforts.

6) WORKOUTS

All Workouts must be approved by Genworth, and Genworth's approval must precede any notification of approval to the Borrower.

There are two (2) approval options:

- Participation in Genworth's Servicer delegated Workout program, or
- Submitting the request to Genworth for individual case-by-case review.

Loans that do not fit the parameters of the Genworth Workout delegation must be submitted to Genworth for case-by-case review.

Workout Order

Unless otherwise permitted under the CFPB Rule and GSE Guidelines, Genworth requires that Borrowers be considered for Workouts in the following order:

- First: Retention Workouts (repayment plan, modifications, etc.)
- Second: Liquidation Workouts (short sale, deed-in-lieu of foreclosure, etc.) – The Servicer should consider a liquidation Workout only if a retention Workout fails or a retention Workout is considered, but the Borrower does not qualify for or refuses to cooperate in any retention Workout. Liquidation Workout documentation in the Servicing File should include discussions with the Borrower regarding the listing of their Property, short sale, and deed-in-lieu of foreclosure options.

These requirements do not restrict the Servicer or GSE Beneficiary from electing to foreclose on a Property, but note that the Insurance Benefit may be reduced if such foreclosure results in non-compliance with the servicing requirements of the Policy.

For further information, please refer to the Workout Delegation and the Submission Options sections for each workout type in this Guide.

6A) SERVICER DELEGATED WORKOUT PROGRAM PARAMETERS

Under the Servicer Delegated Workout Program, Genworth authorizes Servicers to decision most retention and liquidation Workouts for loans that are serviced by them and insured by Genworth.

Requirements

This delegation is subject to the following requirements:

- Standard Workout packages and documentation are required for all borrowers liable for the mortgage.
- Borrower must be experiencing a legitimate hardship. (See the Acceptable Hardships section below)
- Servicers are required to report to Genworth all Workouts decisioned as *approved*, *failed* or *closed* as specified in Section 9b) MILAR Reporting.
- Servicers must meet investor guidelines for all Workout approvals.
- All other guidelines as outlined in Genworth's Master Policy, Lender Servicing and Delinquency Reporting Guide, and the applicable Default Management Servicing Guide must be followed.
- Periodic reviews will be conducted to determine Workout program compliance. (See the Program Compliance Review section below)

Acceptable Hardships

Acceptable "hardships" include, but are not limited to, the following

- Death of a borrower or primary wage-earner
- Disability or illness
- Disaster
- Divorce
- Excessive credit obligations
- Forced relocation
- Reduced income
- Unemployment

Program Compliance Review

Genworth reserves the right to review the Servicer's performance periodically and to request Workout documentation for evaluating the Servicer's adherence to Genworth's delegated guidelines. This Delegated Workout Program Review will assess delegated program compliance and determine any servicer training needs. This delegation is conditioned upon the guidelines outlined in this document. Genworth reserves the right to alter or discontinue this delegation at any time.

Delegation for Other Servicer Program

Genworth will review servicer Workout programs with terms exceeding our delegated parameters to determine acceptability and/or delegated eligibility. Submit the written program guidelines to Genworth for consideration via email to hoa@genworth.com.

6B) IMMEDIATE DEFAULT

Unless otherwise permitted under GSE Guidelines, if a Borrower has communicated a valid hardship to the Servicer but is not currently in Default, Genworth requires Servicers to pursue all available Workout opportunities.

6C) STRATEGIC DEFAULT

Servicers must ensure that reasonable diligence is applied to identify “strategic Default” by Borrowers who have the means to continue making payments. If a Borrower has the means to continue payments, but no longer desires the Property or to continue making mortgage payments, Servicers should counsel the Borrower on the importance of continuing payments and the consequences of foreclosure. If the Borrower still does not wish to continue making payments, Servicer must consider a liquidation Workout to mitigate losses, with appropriate Borrower contribution based on the Borrower’s financial situation.

6D) REPORTING

Servicers must report Workout status (approved, completed and failed) as described in Section 9b) MILAR Reporting.

MP 1480 and 1980

Failure to report Workout status within 30 calendar days of a status change may result in a reduction of the Claim Amount, and if such non-compliance continues for a period of 12 months, cancellation of coverage or denial of a Claim.

Obligation to Self-Report

Insureds and Servicers are required to notify Genworth within 30 days after becoming aware of a Significant Defect, Single Loan Fraud, or Pattern Activity, or if a loan repurchase is required by a GSE or any other investor. This notification should be sent via email to MI.Inquiries@genworth.com and include all pertinent information on that loan.

If we have not yet granted rescission relief, we may conduct an Independent Validation on any self-reported loan. If our Independent Validation identifies a Defect, Significant Defect, Single Loan Fraud, or Pattern Activity we may pursue the remedies specified in the Policy.

If we have previously granted rescission relief, we may conduct a second Independent Validation to determine if a life-of-loan exclusion exists.

9B) MILAR REPORTING

MILAR is an additional report designed to capture data requirements in this Guide that are not included in the MDSR and Monthly Default Report.

MP 1480 and 1980

Reporting requirements included in MILAR:

- Servicing Report
- Notice of Proceedings Report
- Loan Charge-Off Report
- Notice of Loan Payoff Report
- Workout reporting requirements

MILAR includes the entire insured portfolio, that is both performing and non-performing loans, even if the loan also appears on the Delinquency report. MILAR is due by the 25th day of the month for the prior month. Reports should be submitted via secure submission or SFTP.

Required Workout reporting as described in this Guide is achieved by using either the Full MILAR Template, or the Minimal MILAR Data Set as described in the provided chart. Servicers will fall into one (1) of the following three (3) categories for MILAR reporting. The following chart is a guide to determine which MILAR (Full or Minimal) format is appropriate for your organization.

Option	MILAR Reporting Category	Required Report Format
1	Delegated Workout Using Monthly Reporting	Full MILAR Template
2	Delegated Workout Using On-Line Reporting Tool	Minimal MILAR Data Set
3	Not Using Workout Delegation	Minimal MILAR Data Set

Copies of the full MILAR template and Minimal MILAR Data Set can be found on the Publications page of the MI Servicing website: MIservicing.genworth.com.

Failure to report Workout status within 30 calendar days of a status change may result in a reduction of the Claim Amount, and if such non-compliance continues for a period of 12 months, cancellation of coverage or denial of a Claim.

If you service a small portfolio of Genworth insured loans and generating the Full MILAR Template is not practical based on low monthly Workout volume, Genworth offers our Online Workout Reporting Tool on our MI Site: mi.genworth.com.

9C) BULK/POOL INSURANCE REPORTING

For structured transactions (bulk) or pool insured loans, consult your specific policy for reporting requirements to ensure compliance. **Note: Earlier reporting of the initial Notice of Default may be required under bulk/pool policies of insurance.**

Loans insured under both a Genworth primary and bulk/pool Certificate should only be reported under the primary Certificate. Both Certificates will be updated concurrently.
