

New Optimal Blue MI Quote Screen

Your Key to Genworth Rates

Optimal Blue recently modified their MI quote form, giving you a new opportunity to get MI rate quotes for 2 borrowers. Now, to quote Genworth’s lower rates for two borrowers, just enter credit scores in the Borrower FICO and Co-Borrower FICO fields in the Borrower Information section of Optimal Blue’s form (Fig.1). FICO scores will populate the FICO 1 and FICO 2 fields in the MI Quotes Screen (Fig. 2) (NOTE: FICO 1 is the score used to determine the representative credit score for the quote).

TIP: Other minor adjustments have been made by Optimal Blue to the MI quote form. Our advice: Just be sure to validate any data that auto-populates the form until you become familiar with the changes.
